Tubes & fittings

Two types of metal fittings are shown against a light blue background. The top one is a silver-colored hexagonal nut and washer assembly. The bottom one is a smaller, yellow-colored hexagonal fitting with a T-junction design.

Hoses & couplings

Two types of metal hose couplings are shown against a dark blue background. The left one is a silver-colored coupling with a circular flange and a locking mechanism. The right one is a yellow-colored coupling with a similar design and a small metal key or pin attached to its side.
